MD (USM), Master in Psychiatry
(USM)

Dr. Kelvin Lee Yuen San is a Consultant Psychiatrist at the Bukit Mertajam Hospital and Island Hospital. He obtained his Medical Degree and Masters in Psychiatry from Universiti Sains Malaysia (USM).

He is a Certified Sandplay Therapist trained under Mark Pearson from Expressive Therapies Institute of Australia and has been trained under Dr. Kate T. Donohue of the USA in Arts Therapy for Family and Couple Counseling. He also has a Level A Certificate for Interpersonal Psychotherapy by Dr. Scott Stuart, Professor of Psychiatry and Psychology, Director of IPT Institute, Iowa, USA and has been awarded a certificate for TF-CBT, Trauma-Focused Cognitive-Behavioural Therapy, by Daniel W. Smith also from the USA.

Dr. Lee Hock Keong
Consultant Neurosurgeon/
MBBS(UM) MS Neurosurgery
(USM)

Dr. Lee Hock Keong, a Penang boy, obtained his MBBS from the University of Malaya in 2000. Upon completion of his housemanship in Alor Setar, Kedah, he moved back to Penang and joined the Neurosurgical Department. In 2005 he began his four-year neurosurgical training at the Hospital University Science Malaysia (HUSM), Penang. From 2009 - 2011, he was in East Malaysia where he served as a Neurosurgeon at the Sarawak General Hospital. Subsequently, he returned to Penang, and currently works at the Penang Hospital and Island Hospital.

Dr. Lee's special interest is in Deep Brain Surgery (DBS). He was part of the medical team when HUSM first started their DBS for Parkinson's disease and Dystonia patients.
